**Subject:** updates to websites

Hello, Moira.

Carolyn Hubbard and I discussed some website links last week, and she said you were the person to contact.

Here's what we would like:

- (1) On this page (<https://www.epa.gov/healthresearch>) we need a link to this page (<https://www.epa.gov/osa/basic-information-about-human-subjects-research-0>). The link should say "Human Subjects Research" and should go under "tools and resources."
- (2) On this page (<https://www.epa.gov/research>) we also need a link to this page (<https://www.epa.gov/osa/basic-information-about-human-subjects-research-0>). The link should say "Human Subjects Research" and should go under "About EPA research."

Please let me know if you have any questions about this.

Thanks!

Toby
